Summary

Frontend Developer with hands-on experience building responsive and scalable web applications using React.js and modern JavaScript (ES6+). Skilled in creating reusable components, integrating REST APIs, and developing clean, user-friendly interfaces. Currently seeking an internship to contribute to real-world projects and grow within a professional development team.

Skills

Languages: JavaScript (ES6+), TypeScript

Frameworks & Libraries: React.js, Next.js

Frontend: HTML5, CSS3, Tailwind CSS, Bootstrap

Tools: Git, GitHub, REST APIs, Fetch API, Vite

Concepts: Component-Based Architecture, UI/UX Principles, Performance Optimization Basic knowledge of Storybook & Frontend Testing

Projects

Book Store Web Application (React.js) • [Live Demo](#) • [GitHub](#)

Built a responsive book store web application using React.js and Tailwind CSS.

Implemented authentication (Login/Register) and handled API data fetching.

Developed reusable UI components and followed clean component structure practices.

Inventory Management Dashboard (React, TypeScript) • [Live Demo](#) • [GitHub](#)

Built a modern, responsive dashboard for inventory tracking and analytics using React, TypeScript, and Tailwind CSS. Created reusable components and structured scalable code architecture. Integrated interactive charts and real-time data representation to monitor stock status (healthy, low, critical). Focused on performance optimization, responsive design, and clean UI/UX principles.

Shopping Cart Web App (JavaScript) • [Live Demo](#) • [GitHub](#)

Built a simple shopping cart web application using JavaScript (ES6), HTML, and CSS.

Implemented add-to-cart functionality and dynamically updated the total price.

Practiced DOM manipulation and event handling to manage UI interactions.

Experience

Front-End Developer at AfaaqWare

February 2026 - April 2026

- Assisted in building frontend features using Next.js and JavaScript
- Collaborated with the team using Git and GitHub
- Worked with REST APIs and handled data fetching
- Participated in code reviews and team discussions
- Worked in a team environment following basic development practices.

Education

Bachelor's Degree in Tourism at Pharaohs Institute for Tourism

October 2022 - May 2026
